

IDPH 2025 IPLAN TRAINING SERIES

Illinois Public Health Institute and the Illinois Department of Public Health are pleased to announce a webinar series for local health departments and their partners in community health assessments and community health improvement plans/IPLANs. The webinars will cover topics important to the IPLAN process. Continue to build on your skills and expertise with this webinar series.

The webinars will include:

- presentations from peers
- interactive exercises
- Spanish language interpretation (note in registration) and closed captions

IDPH IPLAN TRAINING SERIES

TRAINING OBJECTIVES

FACILITATING COMMUNITY ENGAGEMENT TO OWNERSHIP WEBINAR **FEB 26 - 10AM-12PM**

Participants will be able to:

- Describe the role and importance of community engagement in identifying community health problems and setting priorities as well as setting objectives in the action plan
- Define the Spectrum of Community Engagement to Ownership
- Apply methods of community engagement from planning through implementation

TURNING DATA INTO INFORMATION WEBINAR **MAR 27 - 1-3PM**

Participants will be able to:

- Use data to define health and community problems and understand root causes of health inequities as identified by the community
- Utilize methods of quantitative and qualitative analysis for data storytelling to disseminate information to communities
- Use data to inform more actionable strategies to address IPLAN priorities

BUILDING COMMUNITY POWER TO ADVANCE POLICY AND SYSTEMS CHANGE WEBINAR **JUN 26 - 1-3PM**

Participants will be able to:

- Describe policy, systems, and environmental change strategies
- Describe how local health departments can build power within their communities
- Apply methods for community power building in the community action plan cycle

MANAGING THE COMMUNITY ACTION PLAN CYCLE WEBINAR **OCT 30 - 1-3PM**

Participants will be able to:

- Develop a community action plan with measurable outcomes and ensure community participation
- Engage community and public health system partners to develop and implement the community action plan
- Describe how to track community progress throughout the community action plan cycle
